MICHIGAN OUT FOR GOOD OPINION OF PATTERSON

Wolverine Representative Says Only Abolishment of Reforms Could Bring About Reconsideration.

Dr. Roycroft Declares Talk of "Big Three" Compact Is Interesting News to Him.

Ann Arbor, Mich., Jan. 15.—That Michigan is "out for keeps" was the opinion yesterday of Prof. George Patterson, chairman of the Wolverine Athletic board.

Following the action of the Ann Arbor faculty in sending explanation of its withdrawal, Professor Patterson was asked how long he thought Michigan would remain out.

"I don't see how, by any possibility, we can be induced to return under the present arrangement of things," he said. "I expect that the Conference will not miss us, and we shall certainly be able to get along without the Conference.

"Of course, if the present 'purity' reforms are abandoned in favor of the old-time intercollegiate relations, Michigan may reconsider her stand. No, there was no thought given the report that a plot to freeze us out was on foot. It was simply a question as to whether we could comply with regulations, the spirit of which we directly opposed."

An explanation of Michigan's stand, drawn up by Professor Patterson, has been sent each of the other "Big Nine" colleges. It represents the general view of the students here. The shock of withdrawal is wearing off, and Director Fitzpatrick will soon be in a position to announce some dates with the East.

Talk of a "Big Three" has been revived as a result of Michigan's withdrawal. It brought denial from Dr. Roycroft yesterday.

"As far as Chicago is concerned, there will not be a 'Big Three,' he declared. "In fact, there has never been any intention on the part of this University to make any sort of a compact among certain of the Conference colleges. It is very likely that we shall play Minnesota football next fall. Our athletic relations with the Gopher team have been entirely satisfactory to us.

"We may also meet Wisconsin; though, as far as I know, no negotiations to this effect have been made. But, as for a 'Big Three,' or anything like it, this information is really news to me."

PLANS ANNUAL BANQUET.

Y. W. C. L. to Have Dinner for Members Early in February.

Plans are well under way for the annual banquet given by Y.W.C.L. February 5th has been decided upon as the date. There will be speeches by prominent members of the faculty and the advisory board of the league. Miss Althea Warren will act as toastmistress. This function as each year made an important one and a large attendance is expected, as the plans promise a good time.

SETTLEMENT DANCE IN GYM

Committee in Charge Announces All-University Affair Will be Held in Gymnasium—Prospects for Success Bright.

Bartlett gymnasium has been secured for the Settlement dance, which is to be held Friday evening, January 31. The success of the committee in securing the use of the big building has materially increased the prospects for the success of the affair. It had been found that the dance would have to be held in some building off the campus. The fact that the gymnasium is accessible to all students and that the floor is large enough to accommodate a large crowd, removes many of the difficulties of the committee in charge.

The Settlement dance, which is to be an all-University affair, is designed in part to afford a source of revenue for Settlement charitable purposes. Yet the pecuniary side is by no means the only feature, as every effort is being made to use the dance as a means to acquaint students and faculty. To make it possible for a large number to participate in the function the reasonable admission fee of fifty cents per person, has been decided upon. Single tickets will be offered in order that women and men may attend in groups, if they do not desire to come in couples. Tickets admitting two will be sold for \$1.00. All tickets will be ready in a day or so, and may be procured of members of the dance committee or at the information office.

Final arrangements as to music, decorations, and the appointment of ushers to compose an entertainment committee, will be made at a meeting of the original dance committee this morning at 10:30 in Cobb 8B.

Speaking yesterday of the prospects for the all-University dance, C. Arthur Bruce, general chairman of the affair, was exceedingly optimistic. "The coming Settlement dance surely ought to be the greatest social event in the history of the University," he said. "The committee hopes for an attendance of not less than 1,000. This is not too large a number to expect. In the first place, the charitable purpose of the affair should of itself compel the attendance of every student. If he cannot attend, he should at least purchase a single ticket. In the second place, each one owes it to himself to attend the dance, which promises to be unique and attractive. The fact that each one has a chance to take part in establishing a social precedent should also dictate the presence of every loyal student of the University."

In speaking of the features of the dance, Mr. Bruce would not make any statement other than that the music, the decorations and the programs would be good. "We were the guests of the Settlement people on Saturday night," he continued, "and we were certainly treated royally. They entertained us under great difficulties, and it is but right that with all the facilities we possess that we should reciprocate in a manner that will even surpass the successful affair of Saturday night."

HOLD FINAL DEBATE RESTING FOR CONTEST

University Debaters Hold Final Rehearsal In Preparation for Saturday Night's Contest.

Outcome Uncertain With no Predictions Harzarded—Merits of Question Favor the Negative.

"That all corporations engaged in interstate commerce should be required to take out a Federal charter on such terms as Congress may by law prescribe. Constitutionally conceded."

The last rehearsal of the university's six debaters was held last night in Mandel hall. At that time the final adjustment of the arguments had been made, the utmost effort had been used in polishing the delivery of each speaker, and the final words of advice were given by Coach Chandler. Today the men will rest for the contest of Saturday night, when three of them will support the affirmative against Michigan in the Mandel hall debate, and three will go to Evanston to meet Northwestern's affirmative team.

"Although the negative side of the question is somewhat stronger," said debating Coach H. H. Chandler yesterday. "We have a good case, and should stand a good show if the men keep their heads. It is a difficult question and consequently took a lot of reading before the constructive side of the work could begin."

As to the outcome of the two debates, no predictions are in the field. Decisions in debates are traditionally uncertain and confidence of victory is never warranted. However, each team is firmly determined to do its share in the reversal of last year's defeat, and as the men are fully up to the standard of the teams that have won victories for Chicago in the past, much hope is being indulged. It is generally conceded that, on the merits of the question, the negative has a slight advantage. The affirmative, however, will be speaking before a sympathetic audience in Mandel hall and this may help.

COTILLON INTRODUCES SENIORS TO EACH OTHER

Class of 1908 Opens Final Year with Informal Dance at the Reynolds Club.

Most successful as a "get acquainted party" was the dance of the Senior class in the Reynolds club yesterday afternoon, the cotillon serving to introduce everyone to everyone else. Over one hundred members of the class of 1908 attended.

Partners for the cotillon were chosen by the lot of members distributed at random, while "ladies' choices" and "hands around" succeeded further in eliminating formality. The cotillon was led by "June" Chandler, chairman of the social committee.

The Glee club will meet at 3 o'clock this afternoon.

ALUMNUS AND LECTURER HONORED BY GOVERNOR

Dr. Ira W. Howerth.

Dr. Howerth will shortly remove to Springfield, where he will make his headquarters as the newly appointed secretary of the Illinois Educational Commission. The bulk of the work of the Commission will fall to Dr. Howerth as secretary of the commission, and he will devote a large portion of his time to his new duties.

Dr. Howerth has been connected with the University almost since its foundation, coming here in 1893.

EMERGENCY BONDS ASSAILED

Professor J. Lawrence Laughlin Says Recent Emergency Issue of Panama Bonds was "A Political Measure Intended for Popular Consumption."

A "bluff" and a "window dressing" scheme, conceived by a "high official" with an eye to political effect, are the terms by which Prof. J. Lawrence Laughlin characterizes the recent government emergency bond issues. Professor Laughlin is head of the department of Political Economy at the University and expresses his opinion in the January issue of "The Journal of Political Economy," of which he is an editor. The magazine was issued yesterday from the press of the University. The "high official" to whom he refers is not named, but according to Professor Laughlin, he is in a position to give orders to the secretary of the treasury and has a vital interest in the coming Presidential campaign.

"As to the real purpose of the issues, there are several explanations," writes Professor Laughlin. "Most obviously, they were intended to serve, according to the lingo of the advertisers, as 'window-dressing.' That is, the administration had the political bad luck to have a financial crisis occur while the Republican party was in power, and while a high tariff existed, contrary to all promises when asking for support in previous campaigns, that the party and the tariff would insure industrial prosperity. Seeing that the banks must very soon return to normal conditions, by their own means, the politicians at Washington made a hasty bid for the ignorant vote, on the

"HOBO PARADE" TO AWAIT END OF BASKETBALL GAME

Grand March of Hard Times Party Will Not Start Until After Iowa Game.

Special Section of Stand to Be Reserved for Those in Costume—All Should Go.

Hard times will not interfere with the Iowa-Chicago basketball game on Saturday night and, approached from another angle, the basketball game will not conflict with the Reynolds Club annual reception to the "Submerged Tenth." The basketball game will begin at 7:30 and the "grand march," otherwise called "the hobo parade," will not start until after the game is over.

At the game arrangements have been made so that the financially flush members of the student body will not be forced to mingle with the weirdly costumed representations of 10-cent lodging house patrons. The bleachers on the west side of the gym have been reserved for those who come disguised as victims of the financial panic, and the heartening announcement was made by Dr. Roycroft last night that no extra charge would be made for the privilege of sitting in this section. The gamblers have staked themselves

against all hard-luck stories, however, and the regular price of admission must be produced by even the most desperately needy of the guests. With the conflicting basketball game happily disposed of, curiosity is now being aroused by the probable make-up of the among-those-present list. "Bill" Hewitt, Weary Willie, Norman Barke, Dusty Rhodes, Alvin Kramer, and Panhandle Pete are a few of the prominent track-walkers who have announced their intention to be present at the Reynolds Club annual handout tomorrow night. "Ex-Count Charlie" Jordan, "No-Count" Frank Templeton, "Broken-Down Count June Chandler" are among the Four Hundred of the Shabby Genteel who are coming, but have neglected to send in their acceptance as yet.

Preparations for these personages are being rapidly consummated and Mr. English has sprouted two new hairs since the subject was first broached to him. He is superintending the removal of the chairs from the club, so that the guests may have a "hard" time in sitting on the floors. An elaborate menu will be served during the evening. It will consist of

Hard Cider

Hard Cider a la Aqua Pura
Water will also be served in as many tempting forms.

Eight prizes will be given to the contestants, four for the ladies "hobocog" and four for the gentlemen. The prizes are to be awarded in two groups—for the most comical costume and for the person whose make-up elicits the greatest amount of sympathy. Alvin Kramer and "Bill" Hewitt promise to wear their Sunday

The success from every standpoint of yesterday's Senior dance, augurs well for the success of all the activities of 1908. Unlike previous classes, instead of continuing in blissful ignorance of "who's who" in the class until class day in June, the members are now cordially acquainted and ready to enter heartily into the work of the class in the closing round of the final year.

The plans of the Senior executive committee for a number of Senior social affairs will continue to weld its individuals into a more unified and effective class organization. The hearty support of class activities by its members is all that is needed to rank the Seniors of 1908 high among the classes of graduate history.

As a variant for the campus commonplace of going to the Hard Times Party in your every-day clothes, try telling your long-suffering listener that you are planning to go in your best clothes.

And now comes M. de Beauvriere with the assertion that women are better fencers than men. It is not even scant consolation to the men to recount the mightiness of the sword, considering the number of Phi Beta Kappa keys that go to Beecher hall.

A Bengal tiger is at large in Indiana. The Hoosier state somehow manages to keep in the papers all the time.

If women persist in throwing eggs at judges, the only safe place in the city court rooms will be on the bench.

Some people seem to think there is no Hughes running against Taft. Meanwhile the boom of Cannon is heard only in Illinois.

Think how the population of the First ward will shrink, if hoboese are really given the alternative between taking baths and leaving the city.

The temperance movement is spreading in the South. They even require licenses for marriages in Alabama.

The state has rested so far as the Thaw case is concerned. Why not give the public the same privilege?

Evanston into the breach. The Purple school suggests that the Conference need not be disturbed. Northwestern will take Michigan's place in the "Big Four."

The injunction is being put to tremendous tests these days. A Chicago man is seeking to enjoin his mother-in-law from giving him advice.

The law is getting to be a dangerous occupation, according to a city contemporary, when women take to shooting at lawyers and throwing eggs at judges. Considering that the bullets hit the wall and the eggs a policeman, the law would seem to be out of danger, as long as nothing else becomes the target.

LIT AND PHILOSOPHY DEBATERS NAME SUBJECTS

Junior College Orators Awaken and Start Machinery for Annual Intercollegiate Contest.

The debaters of both Literature and Philosophy college met yesterday morning to choose questions to submit to their opponents in the annual intercollegiate debate.

Nine men in Literature college have signified their intention to try out for the team. The preliminaries to choose the team of three will be held on the 28th and the question to be debated is: "Resolved, That the United States was justified in sending the fleet across the Pacific."

The debaters of Philosophy college met this morning and chose three subjects to submit to Arts College, whom they debate in the semi-finals. The three questions chosen are "Home Rule for India," "Sunday Closing of Chicago Saloons" and "The Initiative and Referendum in Oklahoma." The date for the preliminaries to choose the men to represent the college has not yet been decided upon.

SLOW ENTERING FOR MEET

Quarter Mile Relay and Shot Put Draw No Freshmen.

The Freshman team is in a quandary. Coaches Friend and Russell have both problems before them. Among the track men for the academic week there are no entrants for the quarter mile and the relay, while Coach Russell's difficulty lies in finding a weight man.

Crowley, who had been depended upon to win some points for the Freshmen, has been ill. It is probable that Degenhardt, the high jumper from Hyde Park may have to be pressed into service in the shot put.

In the 50-yard dash, Gilbert, Levinson, Morris and Reynolds have entered, so far. The hurdle event has drawn Lorenz and Reynolds. In the half mile there is an abundance of material, consisting of Timblin, Stophelt, Bishop, Eisendrath and Carpenter. Comstock, Bishop, Stophelt and Carpenter will run the mile. Degenhart and Rogers in the high jump, and Rogers in the pole vault, complete the list thus far. A number of additional entries are expected today.

Gilbert and Sullivan's opera, "The Mikado," which caused such a stir in London last year, will be produced by New York University undergraduates in the Hotel Astor on March 26. The receipts will go towards a fund for the help of poor students. The play will be the first thing of like nature ever given by New York.

FIRST PRE-LEGAL SMOKER

First Smoker of "to be" Lawyers Held Tuesday, a Success.

The first Pre-Legal smoker of the quarter was held on Tuesday evening. Refreshments and speech-making were much enjoyed by the considerable number present. Plans for the work of the club this quarter were discussed, and the special attention of the members was called to the coming debate with the Stump, to be held near the close of the term. To the call for debaters ten men responded. A trial debate will be held at the next meeting for the purpose of selecting the team which will meet the stump.

Officially Recognized as University

The University of Illinois has been admitted to the Association of American universities, an organization composed of some fifteen institutions, including Harvard, Yale, Chicago, Columbia, Cornell, Michigan, Johns Hopkins and Pennsylvania. The recognition of Illinois is explained by the grant of \$50,000 per year, made by the last legislature, for the support of the graduate school of the University, and the marked development of graduate work which President James has encouraged. Some foreign governments, including Prussia, Holland, France and England, recognize as university work done in American institutions, only that which has been done in institutions recognized by this association.

The trustees of Columbit University appointed Kenyon Cox, professor of painting; Daniel C. French, professor of sculpture; John L. Farge, professor of the decorative arts, and Dr. George T. Jackson, professor of dermatology.

For this purpose Professor Fossler attended the meeting of the National Association of Modern Languages at Columbus, Ohio. It was here that he met Professor Baumgartner. The department feels that it may be congratulated on the addition to its faculty."

Urges Sophomore Commons

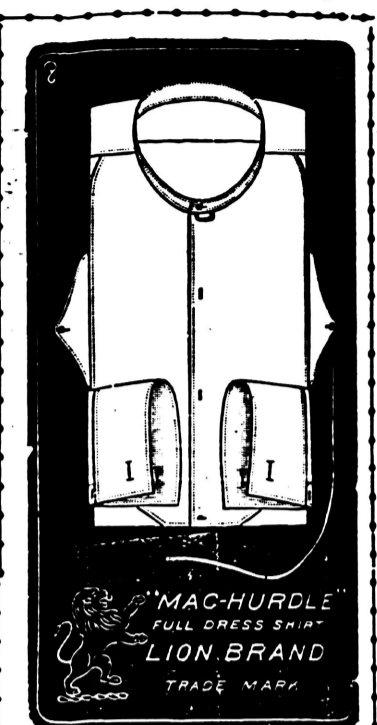

An editorial in The Daily Princetonian urges the establishment there of a university club building in which shall be a hall to serve as a commons for the accommodation of Sophomores. The eating houses for the second year men are said to be very unsatisfactory, and it is suggested that the commons be given them as in the case with the Freshmen class.

Club and Fraternity News

Frank Buckley, '10, Alpha Delta Phi fraternity, has left the University to engage in the advertising business.

The Freshmen class have elected a social committee, who are now making plans for the social activities of the class during the quarter.

The committee in charge of the Reynolds club "Hard Times" dance has announced that Bill Hewitt has promised to lead the grand march on one floor and that Carl Dixon will do the same on the second floor. It has also been announced that there will be several quadrilles and a Virginia reel during the evening.

The Glee club will begin its first rehearsals this afternoon. Mr. Webster will be in charge.

The latest results in the Inter-fraternity bowling tournament are as follows:

W. H. Montgomery of Rock Land, Ill., is pledged Sigma Nu.

Psi Upsilon and Phi Gamma Delta played closely contested games yesterday afternoon. The result was a victory for Phi U. The game was won by Phi U; the second by the Phi Gams; the third game resulted in a victory for Phi U. by 36 points. The best individual score was made by DeBath of Phi Gamma Delta, who made two scores of 178.

FRIARS WAITING ACTION OF FACULTY ON PETITION

Plea of Blackfriars for Consent to Travel Endorsed by All the Junior Men's Colleges.

The committee of the Blackfriars is now waiting faculty action on their petition for permission to take the play on the road. The chances of the realization of the plan were brightened when the petition to the faculty was enthusiastically endorsed by all the junior men's colleges at their regular meeting Tuesday.

The letter sent to the different colleges through their respective chairmen stated that in the past the hope of the Friars of taking the play on a trip had been chiefly impossible because it was usually not staged until late in May.

But this year it is the plan of the Friars to have the play perfected so that it can be taken out during the spring vacation. The letter then urges the advantage to the students and requests that the college vote on the matter. The colleges all unanimously endorsed the petition, which read as follows:

Chicago, Ill., Jan. 14, 1908.

The Board of Student Control, University of Chicago, Illinois

Gentlemen—We, the members of College of _____, in meeting assembled have decided to petition your honorable body that permission be granted the Blackfriar Club to make the proposed trip during the spring vacation of nineteen hundred and eight.

EDITORS OF ANNUAL WANT MORE NEW MATERIAL

Cap and Gown Needs Fresh Portrayals of Student Life at the University.

Wanted—Stories of campus, hall and fraternity life. Brilliant chance for young students to become famous. The Cap and Gown for 1908

The cry of the Cap and Gown is for new material—fresh exploitations of student life everywhere. For such attempts there will be every encouragement. The sharks of the English classes have been turned loose in the last few weeks and are hard at work looking for unusual subjects of campus life. The would-be authors of the Pen club have received their hint and are working away at material which any great magazine would be wild to print, if the Cap and Gown did not have a corner on the market. The amateur litterateurs of the Freshman class are making lazing efforts to converse with the literary Editor, wearing out phones and doorbells.

There is every reason to believe that the attempt of this year's Cap and Gown board to secure good readable stories will be answered. Several contributions have been received that speak remarkably well of the outlook. One of these deals with fraternity life—something that is vitally interesting to the entire university, and yet has received but little recognition outside of the official records.

Harvey Meager is gathering the names of people who will contribute some article or poem to the new Cap and Gown and will be glad to receive any addition to his list. The schedule promises well.

Material wanted by the literary committee of the Cap and Gown is the unusual, as well as the commonplace. The subjects of everyday discussion are as interesting to the student as those that come up only when some big event like a football victory occurs.

This quarter is devoted to the preparation of the Cap and Gown and all matter intended for publication should be submitted in the next few weeks. Literary material includes poems on local subjects, satirical references, epigrams, take-offs on prominent campus types, short stories not to exceed 800 words in length, limericks, proverbs; in fact the entire field of literature and literary effort is open to the contributor. Every contribution will have an even chance of publication.

RECEPTION TO BE GIVEN BY WOMEN'S GLEE CLUB

University Women Invited to Attend Reception in Lexington Tomorrow Afternoon by Glee Club.

The Woman's Glee club will hold a reception for the women of the University tomorrow afternoon in Lexington, from 4 to 6. This is a variation in the usual plan of the club, as it heretofore has given only the annual concert in the spring. The club numbers about thirty members this year, and it is hoped that by this reception the women may become better acquainted with their musically inclined sisters.

A short musical program will be given, including three songs by the club and a piano solo by Mrs. Jones, the accompanist. The songs will be as follows: "Amorosa," "Snowflakes" and "Kentucky Babe." Informal dancing will follow the program.

There will be two championships, that of Junior Colleges, to be decided by the contests of the Junior colleges among themselves, and that of the whole University, to be decided by all the contestants.

Every regular classified member of the several colleges is eligible, except those representing the University of those trying for the Freshman team. There will be no games postponed. The members of the teams must be ready to play at 3:15 p. m.

Unclassified members of the colleges may not play.

Vacancies in Philosophy Filled
Ralph Cleary was elected vice-president of the College of Philosophy at the meeting of the executive committee yesterday morning. MacNeish was elected treasurer and Allison secretary at the same time.

Political Scientists Postpone Meeting.
The Political Science Club will postpone tonight's regular meeting for a week. The Social Science clubs instead will hold a joint meeting and Associate Professor Merriam of the Political Science Department will give an address on "The Decline of City Governments." The meeting will be held in Hitchcock library to night.

The executive committee of the Philosophy college met yesterday morning and elected Cleary vice-president; MacNeish, treasurer, and Allison secretary.

The women of Literature college have invited the men to a dance to be given Wednesday afternoon, January 22.

All candidates for the Literature college basketball team are asked to report on the gym floor at 5:15 today.

On Wednesday, Jan. 22, the women of Literature College will give a dance to the Literary men in the Reynolds Club from 4 to 6 o'clock.

LITERATURE COLLEGE TO HOLD DANCE NEXT MONTH

February 14 Set for First Affair of Year—May Give a Dinner.

Literature College at its meeting yesterday decided to hold a dance on February 14 at the Reynolds Club. As this will be the first dance Literature College has given this year it is expected to be an affair of some pretension. The quarterly assessment of 25 cents was collected at the close of the meeting to defray the expenses of the dance.

The college voted to endorse the Blackfriars to the faculty asking for permission to take a trip during the spring vacation. A committee was also appointed to report on the advisability of giving a dinner at the Commons some time during the quarter.

All members of the college who are to try for the Literature debating team will meet in the west room of Kent laboratory at 10:30 o'clock today to discuss a question to be debated. The preliminaries of the college have been set for Tuesday, January 29.

The women of Literature College invited the men to a dance to be given at the Reynolds club the afternoon of January 22.

Varsity Works for Iowa

With Assistant Coach Houghton helping, Dr. Raycroft put the basketball men through a stiff practice yesterday in preparation for their game with Iowa Saturday. Dr. Raycroft is impressing on the players that the Hawkeyes are a strong team, and capable of making the Maroons extend themselves to the limit to win

EMERGENCY BONDS ASSAILED

ground that the bond issues would increase the circulation, and restore confidence. The administration impetuously attempted the impossible, either through ignorance, or too much confidence in the effects of a bluff.

"But, more than this, the recent bond issue seems to indicate a panic in official circles. It is inconceivable that the plan could have been recommended by any experienced banker, or by the secretary himself. There is good reason to believe that it was a policy conceived only in the fertile mind of some high official who had no knowledge of banking. And it is not hard to guess that it was solely a political measure, intended for popular consumption. The sudden falling off in the revenues must have caused consternation at the possibility of being unable to meet warrants on the treasury with a diminishing income, when the large free fund was practically locked up in the banks. Such an event would have spelled political ruin in the coming Presidential election."

clothes, and confidently expect to win the prize. Norman Barker and Fred Carr say that if they look the way they feel, the award is surely theirs in a walkaway. Chandler admitted that he wasn't broke, but that he was badly bent.

MEN'S GLEE CLUB TO HOLD WEEKLY REHEARSAL TODAY

Male Songsters to Have Regular Rehearsals—Coach Webster to be Present to Train Vocalists.

The Men's Glee club will hold its first regular rehearsal today. Mr. Webster, whose services were secured last quarter to train the future operatic stars, will be present to see that everything starts right. Hereafter each week will witness a similar gathering of the vocal artists. The day for these weekly "concerts" will be decided upon today.

Should there be any men who would like to try for membership in the club, they will be given an opportunity to show their musical qualities at today's rehearsal.

JUNIORS TO MEET TODAY

Class of '09 to Discuss Social Plans for Quarter.

The Junior class is to meet this morning at 10:30 in Cobb lecture hall, to discuss plans for the quarter's social activities.

It may be decided to hold several dances and a smoker. In addition a rival affair has been suggested. The plan is to hold a smoker in the Reynolds club during the early part of some evening, and for the girls to hold a ladies' reception in Lexington at the same time. At the proper time the men are to go to Lexington for the ladies, and a dance is to follow. The popularity of this plan will be ascertained at the meeting today.

The Maroon Hotel has engaged an orchestra of student musicians to play during the dinner hour, which lasts from 6 to 7:30.
