BASKETBALL SCHEDULE TENTATIVELY MADE UP

Annual Fall Meeting of Conference Basketball Representatives Held to Plan for Season.

RAYCROFT PRESIDES AT MEETING

Chicago Five Will Play Eleven Games—Open With Northwestern Game Here.

A tentative schedule of basketball games for the season was drawn up Saturday night at the annual fall meeting of twenty-five representatives of the Western Intercollegiate Basketball association at the Auditorium hotel. Dr. Raycroft, who is president, and L. J. Cook of Minnesota, the secretary, were the officers in charge of the meeting. All the members of the "Big Eight" were represented and the discussion over changes in rules and the drawing up of the schedule lasted until after midnight. In addition to the official representatives of the Conference colleges captains and coaches of all the teams were present.

If the schedule which was drawn up will remain unchanged, the Maroon five will open the season on the evening of January 15 with a game with Northwestern on the Bartlett gymnasium floor. Eleven games will be played before the end of the season, which falls on March 12.

Few changes in the rules were proposed. Those that were carried were of minor importance.

The schedule which was finally adopted was as follows:

January 14—Illinois at Minnesota, Purdue at Iowa.

January 15—Purdue at Minnesota, Northwestern at Chicago, Illinois at Wisconsin.

January 21—Wisconsin at Illinois, Indiana at Chicago, Iowa at Minnesota.

January 22—Wisconsin at Purdue, Indiana at Northwestern.

January 25—Chicago at Northwestern.

January 28—Wisconsin at Chicago.

January 29—Purdue at Illinois, Wisconsin at Indiana.

February 3—Minnesota at Iowa.

February 5—Minnesota at Wisconsin, Purdue at Chicago, Indiana at Illinois.

February 8—Purdue at Indiana.

February 1—Chicago at Minnesota, Northwestern at Indiana.

February 18—Chicago at Purdue.

February 19—Chicago at Indiana, Northwestern at Iowa.

February 4—Purdue at Iowa.

February 25—Wisconsin at Minnesota, Indiana at Iowa.

February 26—Illinois at Chicago.

March 1—Indiana at Purdue.

March 5—Illinois at Indiana, Chicago at Wisconsin.

March 7—Indiana at Wisconsin.

March 9—Minnesota at Illinois.

March 10—Minnesota at Purdue.

March 12—Purdue at Wisconsin, Minnesota at Chicago.

Wisconsin Ball Wanderers Praised.

In an editorial in its Sunday sporting section the Chicago Tribune commends the University of Wisconsin baseball players for their sportsmanship exhibited in Japan. It commends their attitude to professional teams as worthy of imitation. The players accepted several decisions of the umpires that clearly arose from an ignorance of the language, without protesting.

DIRTY POLITICS MUST LEAVE

Questionable Methods Are Denounced at Inter-Fraternity Meeting—All Dishonorable Combinations to Be Kept Out of New Class Elections.

General sentiment in favor of sweeping away the fraternity combinations and other questionable influences which have dominated undergraduate affairs in the University for many years publicly asserted itself at a meeting of fraternity men held in the Reynolds club theater yesterday afternoon.

"Clean politics" was the slogan of the meeting, which was called by the executive council of the Reynolds club, and the practical methods of changing conditions were discussed. Particular emphasis was laid on Freshman politics, it being the consensus of opinion that the incoming class should be counseled against the unfairness which has shown itself so frequently in University political affairs.

Old Members Open Discussion.
The meeting was called to order by Winston P. Henry. The discussion was opened by short talks on the political conditions of the past four years by prominent Seniors.

One well known member of the outgoing class expressed what seemed to be the general opinion by the remark: "We have all been black sheep during the past four years, for in our Freshman year we were led to believe that black was the proper color. Now we want to reform, and more, we want to see the incoming class started right."

Appeal to Fair Play.
Various plans were suggested by the upperclassmen of the fourteen fraternities represented at the meeting for carrying out the proposed improvement. The general tone of all suggestions was in favor of an appeal to fair play rather than any system of enforced regulations. Plans for carrying out the campaign were made and the program will be started by a meeting of the Freshman class Friday, the exact time and place to be announced later.

Y. W. C. L. RECEPTION TODAY
Reception and Lecture Will be Held This Afternoon.

There are two affairs on the Y. W. C. L. program today. The old members of the Young Women's Christian league will give a reception to the new members this afternoon at the home of Mrs. Jewett, 5757 Lexington avenue.

Miss Conde will address the Young Women's Christian league cabinet this afternoon at 3 o'clock.

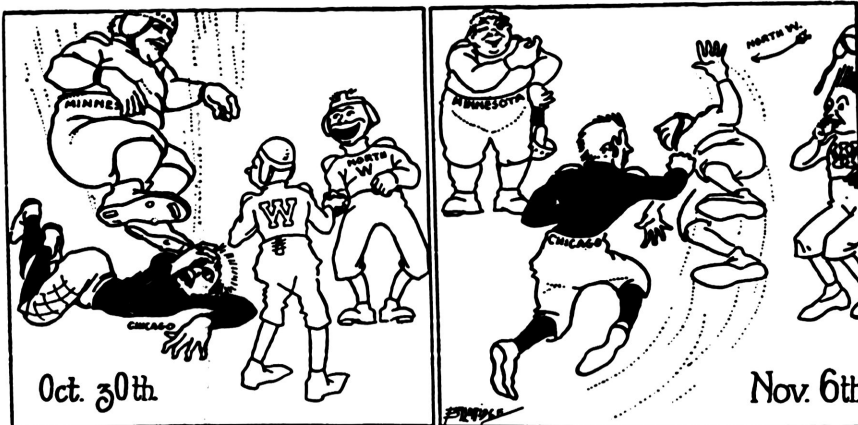

The three representatives from the University of Chicago Y. W. C. L., Miss Helen Hendricks, Miss Isabel Jarvis and Miss Helen Peck, returned yesterday morning from the annual state convention at Galesburg, Ill. Delegates from all sections of the state were present.

BROWNSONS FIRST MEETING

Club Hears Excellent Program—Music Is the Feature.

The members of the Brownson club met in Lexington hall yesterday for the first time this year. The program was successful. The program, which included some unusual talent, consisted of vocal solos, piano solos, duets and recitations. Miss Bieson, Miss Byrne and Mr. Stenson gave piano selections, Miss Mulrone sang, and Miss Swan gave a recitation.

HE WHO LAUGHS LAST.

INDIANA IS EQUAL OF ILLINI

Boilermakers Lose to Illinois Only Through Failure to Kick Goal—Michigan Outclassed and Beaten by Notre Dame Eleven.

FOOT BALL RESULTS.

West.

Chicago 34, Northwestern 0.
Notre Dame 11, Michigan 3.
Illinois 6, Indiana 5.
Wabash 18, Purdue 17.

East.

Princeton 6, Dartmouth 6.
Harvard 18, Cornell 0.
Yale 23, Brown 0.
Lafayette 6, Pennsylvania 6.

Football results of Saturday in the east and west failed to disclose any startling reversals of form, save in the case of Michigan and Notre Dame. The conflict in both sections resulted according to the predictions of critics.

As was expected, Indiana and Illinois proved to be evenly matched. It was only the failure of "Andy" Gill to kick a field goal when needed that prevented the Hoosiers from claiming a tie. Both teams displayed football of the new regime. Lyons, who was given a chance at Richards' end, failed to show the marvelous playing which he displayed in the Purdue game.

Notre Dame Victor.

Michigan fell victim to the Notre Dame team and perhaps even more to over-confidence. The men of Yost had been told to play a safe game, relying on the work of the ends and Allerdice's kicking ability to stave off scoring by Coach Longman's bunch. The ends could not stop the fleet Catholic halves, and when the secondary defense moved, the Notre Dame quarter took the opportunity to get off some clever forward passes. The final result was 11-3 and with the game went flitting Michigan's chances for even a claim for the non-conference championship.

Little Wabash humbled Purdue by one little point, 18-17.

Cornell surprised itself by holding the strong Harvard team to three touchdowns. By doing this it showed vast improvement in a week's work. Harvard is considered by the best critics to have the strongest eleven in the country at the present time. Minot at full is a player who is on a par with the more famous Captain Coy of Yale. Fish at tackle is the best at that position in the country. Harvard's victory was largely one of experience and weight. O'Flaherty at quarter fumbled punts repeatedly and his team failed to show much class at the new game. Cornell made one beautiful triple pass for a 40-yard gain.

Dartmouth and Princeton Tie.

Dartmouth did not beat Princeton, but all that saved the Orange and

(Continued on Page 4.)

VICTORY OVER CORNELL NOW GOAL OF VARSITY

Last Lap of Season With Two Big Games Left is Begun by Team.

MEN ARE NOW IN GOOD CONDITION

Steffen Says Cornell Team is Powerful—Walter Camp Witnesses Practice of Varsity.

The final spurt is on. With Northwestern decisively snowed under by a rejuvenated eleven last Saturday, the final lap in the race to win the two last games of the year was begun on Marshall field yesterday. The next two weeks will see the most strenuous activity and the most careful planning that has ever taken place on Marshall field. There is a great task ahead of Director Stagg. He has two strong teams to beat within two weeks. Both are of the utmost importance to Chicago. A victory over Cornell, especially with a decisive score, will place Chicago on a par with the best of eastern teams, as Harvard secured an 18-0 victory over the Ithaca eleven. If Wisconsin should beat Minnesota Saturday and Chicago can win from the Badgers a week from Saturday, there will be a triple tie in the west.

There are just three days this week for the team to be whipped into shape for the big game against the Cornelliens. The team will leave Thursday evening and rest in Ithaca all day Friday.

Walter Camp was among the interested spectators at practice of the Varsity yesterday. The famed football critic had little to say. He spoke favorably of the Maroon plays and said that Cornell had a strong team. Other opinions he had not or did not wish to express.

The daily practice of the Varsity was varied yesterday by the introduction of five more new plays. On the new tricks that have been taught the Maroon warriors the last two weeks rest the hopes for two victories.

"Wallie" Steffen returned from Cambridge yesterday with a bag full of bugbears. He has nothing but fear for the Cornell team. He says it is a strong aggregation and that Pat Page's eleven will have to put forth its best efforts to get the long end of the score.

Overwhelm Northwestern.

Showing such return to form as has lead the rosters to believe that Chicago will come back strong and take the remaining games of the season, the Varsity defeated Northwestern Saturday as the rosters desired, "by a larger score than in 1904." 34-0 was the final count.

At only one point in the contest did it look as if the Purple would surely score. A penalty gave the visitors the oval on the Maroon 25-yard line. An attempt by Schultz at a field goal was blocked by Chicago men who were offside. This placed the leather on the 20-yard line, and only the slowness of Schultz in getting the ball away prevented the score. At other times, when Chicago had the ball, penalties for offside cost heavily, for they served to stop the Chicago rushes long enough to give the Purple a chance to collect their wits and secure a breathing spell.

But all in all the game was a decided surprise to the Purple and as much a pleasant surprise to the Midway rosters. The Northwestern attack lacked the viciousness that characterized it at periods during the

(Continued on Page 4.)

PRIZES FOR BOTANY EXHIBITS

Plants Grown by Mr. Cook, Gardener of Botany Department, Receive Highest Honors at Flower Show in Coliseum.

Five first prizes in the private gardeners', and one third prize in the commercial exhibit of the flower show held at the Coliseum last week, fell to the lot of the botany department of the University. John Cook, gardener for the department of botany, grew the prize winners. This success is most remarkable in view of the fact that all five entries made in the private exhibit took first prizes, while the commercial group prize is also an honor, as the University is not a commercial handler of plants.

The commercial group exhibit, according to rules laid down by the Chicago Horticultural society, was specified to cover not less than 100 square feet of floor space. Mr. Cook therefore consoling himself on third prize with the knowledge that those who took first and second did so on the size merely, and not the quality or rarity of their separate plants. In fact, the banyan, or Mexican papaw, one of the plants in the University exhibit, attracted more attention than any other entry, with its several cucumber-like blossoms. It is, according to Mr. Cook, the only one of its kind in the city.

Fifty Plants in Exhibit.

The commercial group was made up of about 50 separate pieces of decorative plants, such as ferns, rubber plants, one *Lantana Bourbonica*, and other rare species, among which was the Mexican papaw. There were a few small plants in the group, but most of the entries were over five feet in height and were set in flower pots two feet or more from top to bottom. The winners of first prizes were all large specimens, not a few of them over eight feet, measured from the ground. The exhibit was entered in the name of the department of botany of the University of Chicago, but was really the private exhibit of Mr. Cook.

The prizes other than that for the group were first for the best decorative plant, won by the Piper beetle or Asiatic pepper plant; first for the most novel plant, won by the West Indian *Coccoloba Uvifera*; first for the best Boston fern, won by the *Nephrolepis Bostoniensis*; first for the best *Pandanus Veitchii* or best decorative plant, won by a species thereof; and first for the best *Croton Interruptum*, or plant having the most decorative foliage.

Dr. Frederick A. Cook, having completed his lecture tour in the west, is now in New York arranging papers and reports of his polar expedition, preparatory to submitting his data to the University of Copenhagen within the next few days.

Those of us who complained against an uneven break of luck for Chicago in the Minnesota game had Northwestern, their criticism amply vindicated by the contest with Northwestern Saturday. A new combination of ends seemed to strengthen the weakest part of the team, and the cripples were in much improved form. The entire outcome only makes the assertion all the more salient that if Chicago had been in better shape the score a week ago would have been much closer.

The Varsity played a grand game against Northwestern, although there were little flaws here and there. Page ran the team in perfect style and the men were right there with him all the time. It was with particular satisfaction that the Chicago rooters viewed the piling up of the score when they remembered the story that the Northwestern players congratulated each other in the Wisconsin game when the Chicago-Minnesota score was announced. This may or may not have been good sportsmanship, but at Chicago we showed none of the bitter hatred for our rival that sometimes mars the glory of football games. In fact, on at least three separate occasions the Chicago rooters cheered for Northwestern or for a Purple-clad player who was injured.

We hope that Northwestern can soon raise a team of football players as good as their little quarterback this year, and that we can give them a battle royal in the near future which will bring back the days when the city had at least two good football teams.

DAILY BULLETIN

Miss Talbot's Section will meet today at 10:30.

Student Volunteer Band will meet today at 7:15 in Lexington hall.

Botanical Club will meet today at 4:30 in the Botany building, room 13.

Philosophical Club will meet today at 7:30 in the east room of the Law building.

Political Science Club will meet today at 6:15 in Hutchinson cafe. Dr. Small will speak.

Junior College Women—Names beginning with A, B, C and D will meet today at 10:30 in Lexington hall. Attendance required.

Mrs. Bertha Payne Newell will lecture on "The Later Expression of Kindergarten Principles," today at 2 in Emmons Blaine hall, room 214.

ANNOUNCEMENTS

Short Story Club will meet Thursday afternoon.

German Club will meet Friday at 4 in Lexington hall.

Table Club will meet tomorrow at 10:30 sharp in Haskell hall.

Educational Club will meet Friday at 8 p. m. in Emmons Blaine hall, room 214.

Score Club Dance will be given November 13 in Rosalie hall. Returns of the Cornell game announced.

Skull and Crescent Banquet will take place tomorrow at 6 in the private dining room of the Commons.

Miss Wallace's Group will meet Tuesday, November 16, not on November 9th, as announced in chapel.

Y. W. C. L. will hold a meeting tomorrow at 10:30 for the recognition of new members, in Lexington

Assistant Professor Breckinridge will lecture on "The Modern Household," Thursday at 4 in Emmons Blaine hall, room 384.

Mrs. Bertha Payne Newell will lecture on "The Later Expression of Kindergarten Principles," Thursday at 2 in Emmons Blaine hall, room 214.

Prof. E. D. Burton will lecture on "The Bible: What Is It and Why Should the Present-day College Man Study It?" November 17 at 7 in Haskell assembly hall.

Y. M. C. A. Lecture—"Is Bible Study Worth While? The Experience of a Scientific Man," by Professor Barnes, tomorrow at 7 in Haskell assembly room. All University men invited.

TO HOLD DRAMATIC CLUB TRYOUTS NEXT THURSDAY

Candidates Will Meet at 3 O'clock in Haskell to Show What They Can Do.

All candidates for the University Dramatic club will meet Thursday afternoon at 3 in Haskell for the regular annual tryouts. Three members of the English department will serve as judges, Assistant Professors Edith F. Flint and James W. Linn, and Mr. David Allen Robertson. The contestants will be allowed three minutes in which to deliver their compositions, and will be judged on the merits of their presentation. Any two men who wish to get together and arrange a dialogue will be allowed double time, and consequently will have a greater opportunity of making an effective production.

It is desired that all men who intend to try out should communicate with the club through the Faculty Exchange, box 384, as soon as possible, in order that arrangements may be made to meet all contestants personally.

"We expect a good many to contest in these tryouts," said Henderson, the president of the organization, "for there is much good material now in college. The prospects for a successful year are bright and we will stage some very good productions."

ATTEND TEACHERS' MEETINGS

Dr. Butler and Professor Judd Address Different Meetings.

Dr. Nathaniel Butler and Professor Charles Hubbard Judd, head of the School of Education, returned Sunday from a meeting of the Northern Illinois Association for Teachers, held at Elgin, Ill., November 4, 5, and 6. Both gave speeches at the meeting Friday. Professor Judd also spoke at the meeting of the Iowa State Association for Teachers, held at the same time in Des Moines, Ia.

Dr. Butler is now attending the Teachers' association meeting at Harrisburg, Pa., which will end November 11.

Advertise in the Maroon.

SLAUGHT HEADS NATIONAL GEOMETRY COMMITTEE

Professor Slaughter Chosen to Lead in Consideration of Improved Teaching Methods.

Associate Professor H. E. Slaughter of the department of mathematics has been appointed chairman of a national committee of fifteen on geometry, working under the joint auspices of the National Educational association and the American Federation of Teachers of the Mathematical and Natural Sciences. The committee is composed of seven representatives of universities and eight representatives of secondary schools.

The purpose is to make a careful study of the methods of teaching and the subject-matter of geometry as now presented in the schools, with a view to improvement. Special consideration will be made of a better adjustment in the way of practical applications of the subject, and a curtailment of the purely theoretical aspects which are quite beyond the average high school pupil.

Sub-committees in Charge.

The investigation is now being conducted by three sub-committees of five, each under the chairmanship, respectively, of Professor David Eugene Smith of Teachers' college, Columbia university; Professor E. R. Hedrick of the University of Missouri and Professor H. L. Rietz of the University of Illinois. These sub-committees are studying the three phases, the logical aspects, the practical aspects and the making of a syllabus of fundamental theorems, all of which will eventually be taken up by the committee as a whole and worked into the final report.

The sub-chairmen will probably meet the chairman for a conference at Boston during holiday week on the occasion of the annual convocation of the American Association for the Advancement of Science.

CROSS COUNTRY TEAM TO BE FILLED FRIDAY

Captain Comstock Reports That the Prospects Are the Best in Years—Fears Nebraska.

The final tryouts for the remaining places on the cross country team will take place Friday afternoon. Three places have already been filled by Comstock, Baird and Carpenter, and the two positions left on the quintet will be hotly contested for. According to present appearances the squad this year will be the best that has ever represented the University.

"The team this year," said Captain Comstock yesterday, "will be the fastest in years. Our strongest rival, Nebraska, will probably have a good steady team, without any particular stars, but with an excellent average speed. This has always been the case in past years, and we have found it hard to get away with a victory on that account. Nevertheless I believe that this year we have an excellent chance to win. We have already several fast men on the team. At the tryouts next Friday the two remaining places will be filled, and the team will be complete. We will then begin regular practice."

ILLINOIS STUDENTS CELEBRATE VICTORY BY STORMING THEATER

Illinois rooters went wild over their narrow victory over Indiana Saturday. Theater doors were battered in and pedestrians were assaulted with eggs and other missiles. The Orpheum theater was the center of attack. A free show was demanded by the crowd. The Walker opera house was also attacked. The police were powerless and could only dodge the missiles. According to some statements the mob was augmented by the toughs of the town, who joined the students in their riot.

MAGNESIA COVERINGS
THE dividend-paying capacity of a steam plant is greatly increased through the use of Carey's Coverings on steam pipes, boilers and connections.
Carey's Coverings will keep the heat in the pipes—none is lost through radiation and condensation. They greatly reduce the amount of coal necessary to run the plant, because excessive firing is obviated.
Carey's Coverings are not harmed by the expansion or contraction of pipes or by vibration. They last longer than other coverings. They will increase the capacity of the plant by delivering dry steam to the engines. Endorsed and used by the United States Navy, War and State Departments. Recommended and specified by architects and engineers. Recommended by technical institutions.
Write for catalogue and further particulars.

MASTERY OF DETAILS OF LIFE MAKES FOR SUCCESS

Dr. Henderson Advises Junior College Men to Get Both Views of Life.

"Get a big thought in life and then a big motive. Look at life through both the telescope and the microscope, for both the big and the little things in life count."—Dr. Henderson.

This was the main thought in the address made before the men of the Junior colleges at chapel yesterday morning. He assigned the failure of a great many college graduates to the fact that they were unable to get a microscopic view of life—that is, they could not get a grasp of the details that mark the difference between success and failure. Dr. Henderson took occasion in his address to pay a tribute to Dr. Harper and also to discuss the views of Richard T. Crane, the most outspoken opponent of American colleges. Of the former he said that he mastered obstacles which presented themselves until he achieved the end he sought. Of the latter he said that there was some ground to his views.

The Broad and Narrow Way.

"Look at things in life in both the broad way and the light that searches for details," said Dr. Henderson. "The trouble with college graduates is that they fall behind others in that they cannot apply themselves to details. Master the principles and also the details. If you have a composition to write, have something to say that you feel you must share with your fellow men. If you have a public speech to make, apply the same principles."

ANNOUNCES LECTURE SERIES

Whittier Law Club Gets Speakers for Popular Law Subjects.

The Clarke Butler Whittier Law club of the University Law school has announced a series of lectures on popular subjects related to the law as its program for the season of 1909-1910. These lectures will be given by men prominent in the city's life and will be of interest as much to members of the University who are not in the law, as to the men who are in the legal school.

The six lectures will be delivered by the following men: Hon. Milton J. Foreman, one of the most prominent members of the city council; Professor Ernst R. Freund of the Law School; Richard W. Boddinhouse, head examiner of title of the Chicago Title and Trust company; Hon. Charles E. Merriam of the political science faculty; Harry Olson, chief justice of the municipal court of Chicago; and Professor Roscoe Pound of the Law school.

The club invites all the members of the Law school and any others interested to attend the lectures. The subjects and dates will be announced from time to time.

PRESIDENT OF WABASH RAILROAD TO SPEAK TO ECONOMY STUDENTS

Frederick A. Delano, president of the Wabash railroad, will speak to the graduate students in political economy Saturday evening at the home of Professor J. Laurence Laughlin, head of the department of political economy, 5737 Lexington avenue. This will be the second of a series of lectures which are being given by prominent business men of Chicago to advanced economics students through the efforts of Professor Laughlin. Invitations are being sent out by Professor Laughlin for the lecture.

BIBLICAL SOCIETY TO HOLD FIRST MEETING

Professor Willett Will Read Paper—Professor Burton to Be Given Formal Welcome.

The Chicago Society of Biblical Research, of which many University professors are members, will hold its first meeting for the current year on Saturday, November 20, at the Palmer house. Papers will be read by Professor Samuel Dickey of the McCormick Theological seminary, Professor S. C. Bronson of the Garrett Biblical institute, and Associate Professor H. L. Willett of the University.

A formal welcome will be tendered to Professor Ernest Dewitt Burton in consideration of his return from the University's educational tour of the orient. Professor Burton returned last spring, but as the society has as yet had no meeting, they have been unable to meet him as a body with a formal welcome.

A memorial will be tendered by the society on the death of Professor H. M. Scott, who was one of the charter members of the organization. The officers of the society are Professor A. W. Patton of Northwestern, president; and Associate Professor C. W. Votaw of Chicago, secretary.

SHORT STORY CLUB MEETS FOR PROGRAM THURSDAY

Women's Literary Society Considers Guy de Maupassant, Hawthorne and Garland at Meeting.

The Short Story club, the newly formed literary society of the women students, will meet on Thursday at 4 o'clock in the League room of Lexington hall. The committee on organization is ready to suggest to the club definite plans for the study of short stories during the present quarter. This committee is composed of Marguerite Swawite, Esther Tarkington, Clara Alexander, Marjorie Hill, Lou E. Brosius, Grace Häuk and Ruth Reticker. At the meeting on Thursday the club will read Guy de Maupassant's "Necklace," and will discuss Hamlin Garland's "Up the Coulee," and Hawthorne's "Rappacini's Daughter." The basis for study used by the club will be Allbright's "The Short Story." It is not too late for anyone who is interested to join, and prospective members are requested to familiarize themselves as much as possible before the next meeting with the books to be discussed.

CAP AND GOWN DESIRES KODAK CONTRIBUTIONS

Editors Need More Campus Snap-Shots—Make Several Additions to Various Committees.

The editors of the Cap and Gown announce that all those desiring to contribute snap-shots of typical campus scenes should drop the same in Faculty Exchange or give them to Conrado Benitez by Saturday. They have adopted the plan of receiving contributions of every nature from the students, such as jokes, poems or other literary contributions, which also can be sent through the Faculty Exchange.

The board has made several additions to the various committees. Dewitt Lightner has been appointed chairman of the Law school committee. The following additions have been made:

Literary, Grover Baumgarten; honor societies, Alice Lee Herrick and Benton Moyer; classes, Paul Karsten; music, Gordon Erickson; and Divinity school, Millington Carpenter.

VICTORY OVER CORNELL
NOW GOAL OF VARSITY
 (Continued from Page 1.)

Wisconsin contest. Another thing. Chicago took advantage of every error made by the Purple, something the Badgers did not do. Northwestern players showed the same inability to tackle a flying runner from behind as at previous times this year.

Change in Lineup Beneficial.

The changes in the Chicago lineup were appreciated and it looks as if they will be permanent. The work of several of the men is worthy of comment. Worthwine played the same steady, successful game he has always played. His drives into the Purple line were almost irresistible, and when he had Crawley to push and pull him along, he was able to annex the yards in a way not equaled this season. Crawley showed considerably better form than heretofore. He seems to have fallen into his old habit of reeling off long runs. The linemen as a whole played an excellent game. Over-eagerness led them to charge ahead of time, but this in a part was due to the slow attack of the Methodist backs. In every feature of the game the Maroons had the better of the contest. They demonstrated the fact that Director Stagg has been punching speed into them all week. If the change is as marked in the present week as during the past the Cornell game will not prove half the bugbear that it might otherwise be.

Ehrhorn and Sauer at ends did satisfactory work. With the assistance of the forwards they repeatedly broke up the Purple formations before Horr's men had really secured a good start. As sensational a feature of the contest as any, however, was the introduction of Davenport. This fleet-footed youngster certainly earned for himself much glory. His chief desire seemed to be to find out how fast he could run, and that same fleet-footedness added many yards on the sweeping side attacks which Page let loose. The same is true of Menaul, who received another successful trial at half. Orvie, scrappy as ever, played a whirlwind contest. He had Schultz outclassed all of the time, and his kicking was better than ever. For the first time this year he missed a running kick, and that came as the result of his foot slipping just as he started to boot the ball. At other times his returns were certainly dangerous.

Lineup.
 Chicago (34).

R. E. Ehrhorn

INDIANA IS EQUAL OF ILLINOIS

(Continued from Page 1.)

Black from Defeat was the fine drop-kicking of Cunningham, who made all of the Princeton points. Lafayette with the redoubtable McCaa and Irmshcler played Pennsylvania to a tie game also. Pennsylvania was lucky to escape so easily, as Lafayette led up to the last three minutes of play, when the Philadelphia team scored. Yale, as was expected, had an easy time with Brown, piling up 23 points with ease.

LAW STUDENTS TO ELECT THEIR OFFICERS TODAY

Nominate and Elect Class and Council Officers This Morning to Avoid Electioneering.

The annual election of the classes of the Law school to pick their officers for the ensuing year will be held this morning at 10:30. The first and second year classes each elect three officers, a president, a vice-president and a secretary-treasurer. The Senior class, however, has the latter office divided into that of a secretary and a treasurer.

Nominations for the various positions are made immediately prior to the election in order to minimize electioneering. It is expected that all the offices will be hard contested.

At the same time the three classes will each choose three men to represent them in the Law council. The position of the council is somewhat analogous to the councils in the colleges. It assumes control of the student activities of the Law school and makes preparations for the gala affair of the year, the law smoker, which takes place the first Tuesday in December.

TICKETS ON SALE FOR FIRST SCORE CLUB DANCE

Returns of Cornell Game to Be Given—To Have Better Decorations.

The Score club held a meeting Friday and decided to have additional decorations at the dance to be held next Saturday afternoon at Rosalie hall, 57th street and Rosalie court.

The returns of the Chicago-Cornell game will be announced during the dance. It is urged that everyone who desires to go to the dance procure his tickets at once in order that refreshments for all may be obtained by Friday. The Score club dances are not restricted to members alone. Any University student may attend. It is expected that the dances this year will be even more successful than in past years. Tickets are on sale at the information office or may be obtained from any of the members.

WANT SANITARY CONDITIONS

Michigan Faculty Committee Draws Up Laws Concerning Spitting.

The senate committee at the University of Michigan, composed of Deans Vaughan and Hinsdale and Professor Williams, has drawn up a set of resolutions for the improvement of sanitary conditions about the campus. It has been suggested by the committee that spitting on campus walks, steps of the buildings, or in the halls be forbidden, and that violation of this render the offender liable to suspension from the university.

In the report the committee suggests that each student should have his sputum examined in the hygienic laboratory for its bacteriological condition. If it is found that the sputum of any student is infected with bacillae he will be permitted to remain in school by abiding by certain prescribed rules.
